

3rd Annual Rocky Mountain Shoulder and Elbow Society Meeting
Friday, August 1, 2008 - Sunday, August 3, 2008
Aspen, Colorado

Dear Shoulder & Elbow Surgeons:

The Third Annual Rocky Mountain Shoulder and Elbow Society Meeting will be held on Friday, August 1 through Sunday, August 3, 2008 in Aspen, Colorado. This meeting will be hosted by Ferdinand "Tito" Liotta, MD and N. Lindsay Harris, MD of Orthopaedic Associates of Aspen & Glenwood and the Aspen Sports Medicine Foundation. The focus of the 2008 meeting will be tendon problems in the shoulder and elbow. We are honored to have John J.P Warner, MD, of The Harvard Shoulder Service, as the meeting's keynote speaker.

The Rocky Mountain Shoulder and Elbow Society is dedicated to excellence in clinical care and is organized by the leading authorities in the field of shoulder and elbow surgery who hail from the Rocky Mountain region. The society was started in 2005 by Dr. Peter Millett of Vail, Colorado with the intent to elevate the standard of care for patients with shoulder and elbow disorders in the Rocky Mountain region through research and education. The Society's annual meeting provides a forum for health care providers to learn about the latest surgical and rehabilitative techniques.

We are currently searching for physicians to present at this meeting. If you are interested in presenting on different, innovative ways to treat or think about tendon problems within the shoulder and elbow we would like to talk with you. Each presentation should be approximately ten minutes on discussing surgical techniques, results, basic science, etc.

The 2008 meeting will take place at the St. Regis Hotel & Spa, located in Aspen. The cost to participate is \$200.00. Your participation fee will be waived if you are asked to present. Rooms at the St. Regis Hotel & Spa have been reserved at a special rate. Special evening social events are being sponsored and recreational activities are being organized for meeting participants.

For more information about attending and/or presenting at the 2008 Rocky Mountain Shoulder & Elbow Society Meeting please contact Laura Pritchard, Executive Director of the Aspen Sports Medicine Foundation at (970) 920-4151 or visit www.rmssociety.com.

Sincerely,

Ferdinand "Tito" Liotta, MD
